# Welcome Message

"I believe in children's potential for learning, for creativity and for human goodness. Given the right environment and nurturing, every child has the potential for excellence and be a channel for good in the world. Encapsulated within Edgefield Primary School's vision, "Lives empowered, Lives touched", is the strong belief of commitment to inspiring staff and students towards the pursuit of educational excellence.

Our Philosophy of Education is defined by a purposeful educational experience anchored on a forward-looking curriculum and a strong emphasis on character and citizenship education. We strive to nurture the Whole Child anchored on the domains of holistic education - cognitive, aesthetics, moral, physical and social. Our programmes emphasise the application of critical thinking skills across the subject disciplines and an acquisition of a broad and deep foundation through a wide spectrum of authentic and future-oriented learning experiences.

Our strong ethos of care and excellence inspires us to move forward as a family, resulting in a safe, open and nurturing environment to ensure the well-being of the school, its population and its stakeholders.

We welcome you to join us at our Learning Fest cum Open House on the 13<sup>th</sup> July 2019. Come interact with our students and teachers, and get a glimpse of what the Edgefield Primary School experience is all about!
